The "Collectables" range are re-issues of the "Golden Oldies" range issues from December 1980 and August 1982.

It is believed that the issues of "Turn To Stone/Sweet Talkin' Woman" and "Roll Over Beethoven/Showdown" were possibly planned, but never released or issued as no copies have ever been found. Of course I would love to be proved wrong !

The listing and photos on 45Cat are fake labels made up in good faith by an ELO collector in anticipation of finding the records.
